TOKEN AND MEDAL AUCTION #29

CLOSING DATE: MARCH 9, 1981

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.

2. Bids under $10.00 will not be reduced and bids will not be reduced to under $10.00.

3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.

4. You may establish an overall limit on your winnings by indicating your limit in the proper space on the bid sheet.

5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept returns when we are in error. On the other hand, capricious returns will not be tolerated.

6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

AUCTION SUBSCRIPTIONS

Our policy has been to charge for subscriptions to our sales. Frankly, the last year has been such a busy one for us that we simply have not had time to cull through our subscription list and remove the names of those who have not bothered to renew their subscription. Consequently, some of you have received out last few sales without benefit of subscription. This is to serve notice that our next sale will be sent out ONLY to those who have paid our modest subscription fee. If you are in doubt as to whether your subscription has expired, just check the subscription box on the bid sheet and we will bill you only if needed. As a professional courtesy, we will send our sales free of charge to other full time coin and antique dealers. Please write us on your letterhead if you wish to receive our sales.

NOTE ON LATE SILVER MEDALS.

Those of you who have read the discussion in my book on the pricing of the post-Kennedy silver medals will notice that I am not going to adhere to my 10-20% over bullion formula. This discussion was written at a time when silver was $20.00 an ounce and I found it relatively easy to purchase these medals around bullion value. Now that silver is closer to $13.00 per ounce, nobody that I know of is willing to sell at bullion related prices.

Perhaps the most eagerly awaited token and medal sale of the season is our annual floor auction held in Philadelphia in conjunction with the Deleware Valley Vecturists and the Philadelphia Token and Medal Society. This sale has always been rich in Hard Times and merchant tokens and this coming one will be no exception.

Already in the bank for this auction is the newly reported discovery piece Low 115 obverse with a Low 37 reverse (PB&S DEVEAU/MINT DROP). Additional rarities include Low 207, NY 51 (BALE & SMITH), CONN 30 (F. HAYDEN over a large cent), MD.XX7. (Baltimore ship token in AU), NY 924 (the excessibely rare RICHARD TRESTED) and Mass 85 (a lovely R&B AU specimen of the RUETER & ALLEY token).

We are currently accepting choice consignments for this sale. It will be held June 6-7 in the Hall of Flags room at the Philadelphia Sheraton Hotel on JFK Blvd.

If you are considering selling any of your rare and valuable tokens and want to maximize your return, this is the sale for you! Consigned lots must be in our hands no later than the end of March.

TO/JAMES FENIMORE COOPER/THE OFFERING/OF A/GRATEFUL HEART/FOR/HIS DISINTERESTED/VINDICATION/OF HIS/BROTHER SAILOR/JESSE D. ELLIOTT. within a wreath. 51mm white metal. XF/AU. Some slight dark spots on obverse. An absolutely fascinating medal, the full story of which has been written up in the February 1960 Numismatic Scrapbook. The story surrounding the medal goes back to the Battle of Lake Erie during the War of 1812. The accepted version of the battle was that Capt. Elliott, aboard the "Niagara" had intentionally held back while the British trained all of their guns of the "Lawrence" commanded by Capt. Oliver Hazzard Perry. "The History of the Navy" published by Cooper in 1839, treated the matter differently and suggested that Elliott should share part of Perry's glory for the American victory. Perry partisans visciously attacked both Cooper and Elliott in reviews of the work with the result that Cooper sued one of them for libel in a celebrated case which he won. Elliott, feeling he had been vindicated by Cooper's successful defense of him in the libel suit, had a silver medal struck honoring Cooper. White metal copies were distributed by him to many dignitiaries and learned societies in various states.

The above paragraph really doesn't do justice to the story and those who are interested are urged to read Ted Weissbuch's fine Scrapbook article. PLATE
